

### **MALARIA TAG!**

Tuesday April 20 - Thursday April 22

NUIM campus becomes a malarial zone to raise awareness about malaria risk and the social burdens malaria places on developing countries. Look out for the mosquitoes!

### **DEBATE, Literary and Debating Society**

“THB that vertical (stovepiping) models of disease intervention are counter-productive to the provision of general healthcare in the developing world.”

Tuesday April 20, 7PM

JH2

### **LECTURE**

“Partnership and (dis)empowerment in international malaria control: perspectives from a rural setting in Tanzania.”

Rene Gerrets, Ph.D.

University of Amsterdam

Resdondant: Ting Ting Shum, NUIM

Wednesday April 21, 1 - 2.30 PM

Council Room, Riverstown, South Campus (first floor) with refreshments

### **FILM SCREENING**

“When the Night Comes”

Bobby Bailey, founder of Invisible Children, tackled a unique story about a plague that has ravaged humankind from the beginning of time. Tracing his adventures over the last three years, the film takes you on an emotional journey with his friends who have fallen subject to malaria and its deadly grip.

Thursday April 22, 7 PM

CS1 with refreshments

### **APRIL 25 IS WORLD MALARIA DAY**
